通力木業

Founded in 1999 and based in the Pearl River Delta with nationwide influence and global impact, our company strives to become the most influential fancy wood panels and distribution enterprise in China's wood panel industry. We are committed to building a renowned brand factory and creating a global presence in the wood decorative surface sector.

20000+m²

Factory area

100000+m³

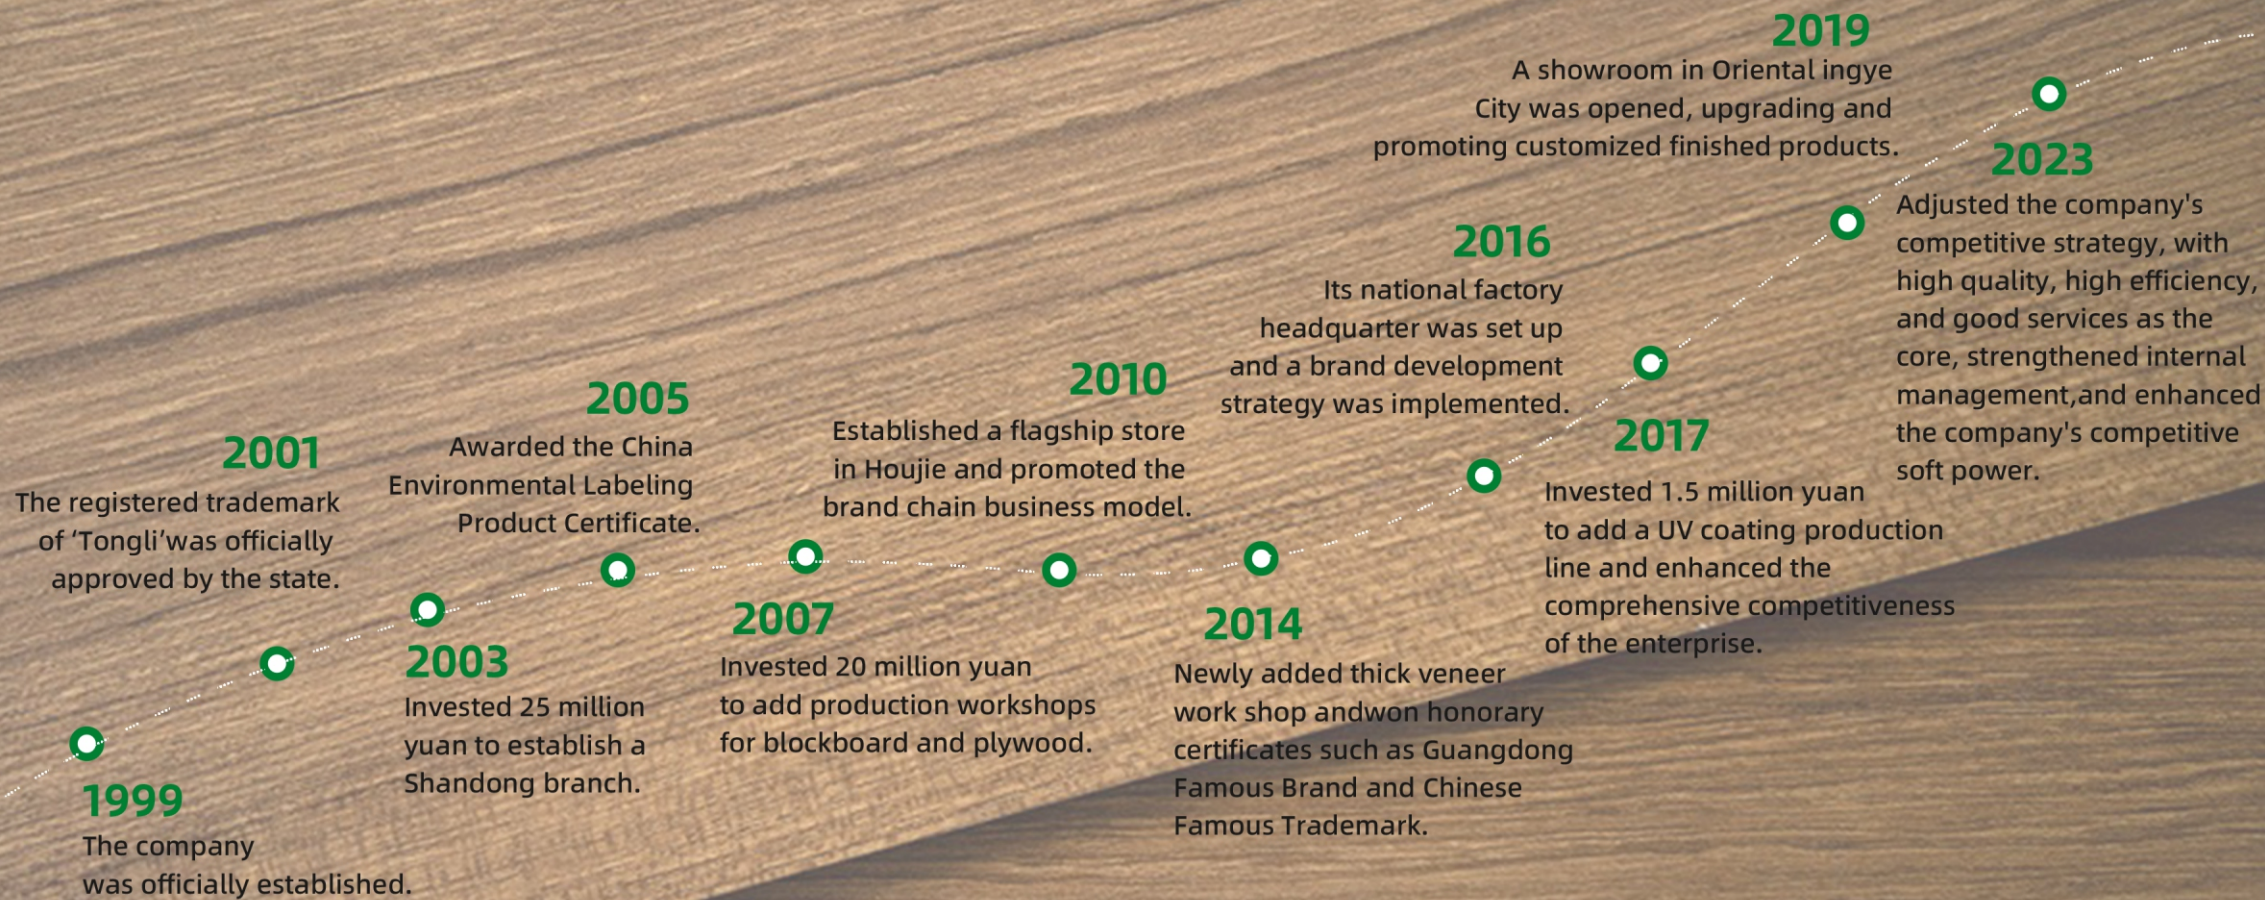

Annual output of various plates

100+people

Senior technician

Our company's products are widely used as production materials for furniture, doors, wall panels, wardrobes, and more. They are generally suitable for **furniture factories, door factories, whole-house customization factories, wardrobe production enterprises, hotel projects, and real estate decoration**. Our products have been exported to foreign markets such as Thailand, Singapore, Malaysia, the Philippines, Indonesia, India, Nigeria, and elsewhere.
